

2010 Dreamcatcher Awards Program: Award Sponsor Opportunity (Maximum 5 available)

The unique Dreamcatcher Program is so much more than an engineering challenge. It promises to make a difference to the Dream recipients, the WA disabled community and helps build a culture of philanthropy in the community amongst the hundreds of university students, staff and mentors involved throughout the program.

Recognizing the achievements and success of the students and mentors is vital, it ensures the motivation and support continues. These awards are intended to praise these efforts, and to provide funding for further awareness of the Dreamfit Foundation. To make this happen, Dreamfit needs the support of industry Award sponsors to make this possible. Without their much-needed support, Dreams cannot be turned into reality.
